SmellyJelly Minis®

Fragrancing gel

The importance of coil cleaning cannot be underestimated, and as a perfect finishing touch - Advanced has developed the SmellyJelly® Mini. It releases a pleasant fragrance that gives a 'just-cleaned' freshness to the evaporator and its environment.

PRODUCT SPECIFICATION

Name	SmellyJelly®
Product Code	See below
Packing Quantity (ml, L)	20 Cards
Packing Size (L x H x D cm)	30 x 26 x 16
Shipping Weight (kg)	1.3
Shipping Volume (m3)	0.0125
Soils	N/A

Special Features

- Designed for large fan coil and cassette units.

Directions of use

Remove gel from packaging and place one or more strips on a clean, flat surface, ideally just before the discharge grille. However, in cassette units, placing the gel on the back of the filter may be required. Once in the air stream, SmellyJelly® Mini will begin to work. As it works it will evaporate and shrink. Evaporation rate varies with cooling/heating. Replace as required when fragrance has been exhausted. Place card with instructions inside unit for future reference.

**SmellyJelly® Minis
